VOLUME XXXII. NUMBER 44.

IRONTON, MO.

THURSDAY, APRIL 27, 1899.

LOCAL BREVITIES.

The fruit trees are in blossom. Movers are very plentiful these days. A social dance at the Academy of Music to-night. Prof. Vance begins his training school next Monday. The Valley is assuming its spring garb of brightest green. Miss Fanny Markham will commence a private school next Monday. C. L. Southall, a well-known merchant, died at his home in Caledonia last week. Just arrived 500 children's bound illustrated books—at half-price at the Greater Bonanza. Mrs. G. B. Clifton of Graniteville has a millinery advertisement in this issue of the REGISTER. J. W. Hale has been employed as principal of the Graniteville public school the coming year. The band pagoda is an assured fact. Subscriptions to the amount of \$90 have already been pledged. Rev. Thos. F. Marshall of Marble Hill has accepted a call to become pastor of the Ironton Presbyterian Church. Jacobs, the druggist, has received his new soda fountain and expects to have the same in operation in a few days. Prof. J. H. Turner made a trip to Arcadia last Friday and while there accepted the principalship of the Arcadia school.—*Piedmont Banner.* Circuit Court will adjourn at noon to-day in order to give the attorneys and Judge an opportunity to attend the funeral of the late J. C. Carty. J. C. Carty was a member of the Masonic and Modern Woodmen orders, in the latter of which he carried a \$3,000 policy.—*Piedmont Banner.* John T. Baldwin, Jr., tells us that it is his purpose to build a house on the property recently purchased from A. Begley, in which he expects to conduct a news store. The D. Johnson property at Annapolis was sold under school fund mortgage Tuesday. The property was bid in for \$580 by T. A. Johnson, administrator of the estate. A very heavy hail storm visited the west end of this county Thursday afternoon of last week. In some places, it is said, the hail on the ground was fully six inches thick. Joe Rasor, who left this place nine years ago for Washington, is visiting relatives here. Mr. Rasor is now engaged in the hotel business in Grand Forks, British Columbia. Everybody is cordially invited to attend the meetings of the B. Y. P. U. at Baptist church every Sunday evening at 6:45. Also, to the church services—morning and evening. Dr. S. E. Strong is now an inmate of the Alexian Brothers Hospital, St. Louis, and we are sorry to hear his condition is very serious. We hope to hear of an early improvement. Add. Reese of Annapolis pleaded guilty in the circuit court Monday to the charge of permitting a gaming device on premises and on promising to sin no more was let off with a fine of \$50 and costs. The Measuring Party given by the Baptist Ladies Aid Society at O'Brien Hall, Arcadia, last night was largely attended and seemed to be thoroughly enjoyed by all present. It was indeed a very successful affair. It became evident Wednesday morning that there would be no need of a petit jury during the present term of circuit court and Judge Dearing ordered the panel discharged. Not a single case requiring a jury was tried. The County Collector has received the consolidated back-tax from the County Clerk, and will proceed to collect all delinquent taxes. Those who are in the arrears are warned to come forward and settle without delay. Among the attorneys from a distance in attendance on court this week are: L. F. Dinning, De Soto; Geo. L. Edwards, St. Louis; Wilson Cramer, Jackson; E. R. Lantz, Poplar Bluff; J. H. Kane, Piedmont; W. L. Beyersdorff, Centerville. The stockholders of the Iron Mountain Company held their annual meeting at Iron Mountain Tuesday. The Company expects to continue shipping ore for about another year; at the end of which time it is thought all work in the mines will cease. The county board of equalization and appeals has been in session this week. Some parties have been before the board complaining because of the increase in assessment of wild lands, but the board has refused to allow an assessment of less than \$1.25 per acre. Miss Fanny M. Markham will open a private school, in the public school building, on Monday, May 1st, to continue one month. She will be pleased to receive any children from the two lower rooms of the public school, or any younger children who have never been in school. Theodore Walterick who placed obstructions on the railroad track near Annapolis some time last month, was indicted by the grand jury Tuesday. On being arraigned in the Circuit Court the same day he pleaded guilty and was sentenced to seven years in the penitentiary. Following are the signal service readings at this point for the week ending April 25th, showing the highest and lowest temperature recorded each day: April 19th, 60, 37; 20th, 78, 60; 21st, 71, 50; 22d, 68, 55; 23d, 59, 45; 24th, 67, 43; 25th, 79, 41. Precipitation 2.58. W. H. DELANO, Observer.

For Sale—Two open buggies, one top buggy; all second handed. Also one one-horse wagon, new. E. C. TUAL.

The editor is in receipt of an invitation from Charles Poplin Harviell to attend the commencement exercises of the St. Louis Medical College, which will be held in the Fourteenth Street Theatre, Thursday, April 27th. Our young friend is a member of the graduating class and will on that occasion receive his diploma. Here's a health to Dr. Chas. P. Harviell. May success and glory attend his professional career.

A new time card will go into effect on the railroad May 7th. The most important change is in the time of No. 51, the south-bound day train which now reaches here at two o'clock in the afternoon. Under the proposed schedule this train will not leave St. Louis until 2:30 p. m., arriving here about six o'clock. The south-bound local, it is also stated, will not get here until one o'clock p. m.

The gross receipts from the two entertainments given on the 15th and 21st inst., for benefit of public school library, were \$90.70. The expenses were, \$64.87. Net receipts, \$25.83. The outlay in "In White Robes" was heavy, owing to costumes, new scenery, etc., amounting to \$55.82. For the second entertainment only \$9.95 was expended. The net amount, \$25.83, has been placed in the bank, to the credit of the library fund.

The reproduction of "In White Robes" at the Academy of Music Tuesday evening was all that could be desired. Some addition and changes had been made in the programme that caused the audience to declare the entertainment a decided improvement on the production of a week previous. The attorneys and visitors in attendance on court were there and characterized the effort as highly creditable and most meritorious. They all agreed that there were few towns in the southeast that could make so desirable a showing.

Sheriff Merrell and deputy of Ripley county arrived at Ironton Wednesday noon having in charge Samuel Robinson and Willie Dodd. Both prisoners were sentenced to the penitentiary at the late term of the Ripley Court, but owing to the quarantine regulations now in force at the State penitentiary they cannot at present be taken to that institution, and as Ripley county has no jail, the Judge ordered them to be incarcerated here until the quarantine is lifted in the penitentiary. Robinson was convicted of murder in the second degree and has a sentence of ten years; Dodd was convicted of manslaughter and has three years to serve.

Judge R. S. Thurman, late of California, has arrived in Ironton and purposes opening a training school here. His advertisement is published in this issue of the REGISTER. It is the intention to open the school in the fall, but in the meantime Mr. Thurman will give private instruction to all who desire. He has leased the rooms in the second story of the building formerly occupied by Gross & Tolleson, where he can be found at all times. Mr. Thurman comes to Ironton highly recommended by Ex-Gov. Stone, Hon. M. L. Clardy, Norman J. Coleman, Judge Green, Hons. James Jordan, ex-Superintendent Public Instruction of Arkansas, F. M. Campbell ex-Superintendent Public Instruction of California and other distinguished educators.

At the C. E. business meeting held April 5th the following officers and committees were selected: John Russell, President; G. H. Headwell, Vice-President; Miss Alice Gay, Recording Secretary; Mrs. G. R. Gay, Treasurer; Lookout Committee—R. E. Wilkinson, Chairman, Miss Alice Gay and H. Melhado; Prayer-meeting Committee—Mrs. Carrie Markham, Chairman, Mrs. Fred Kindell and Fred Russell; Social Committee—Miss Ruth Gay, Chairman, Miss Pearl Sherman, Oscar Hill, Edward Smith and Elton Russell; Relief Committee—Mrs. Fred Kindell, Chairman, Mrs. R. W. Gay and Wm. Curtis; Flower Committee—Fred Russell, Chairman, Misses Sarah Russell and Mabel Peck; Literature Committee—Miss Eva Parkies, chairman, Miss Nettie O'Neal and Bert Peck; Junior Superintendent, Mrs. Carrie Markham.

The prospecting being done by the Missouri Manganese Mining Company, under the supervision of Mr. Thos. Beard on the mines south of town has developed an abundance of manganese ore. The ore so far discovered is said to be of a very fine quality, but is soft and crumbles very easily, while the blast furnaces of to-day are adapted only to hard ore. A trial is going to be made for the purpose of ascertaining if the soft ore can be compressed into chunks. If the experiment proves a success quite a number of men will likely be put to work in the mines in the near future, as there is a growing demand for manganese at good prices. A shipment of the ore will likely be made to St. Louis in the course of a few days for the purpose of trying the plan of compressing the ore. The company doing the prospecting is composed of some of the most prominent business men in St. Louis who have sufficient capital to successfully carry on the work.

Circuit Court convened on Monday afternoon. Judge Dearing at once delivered the charge to the grand jury appointing D. Y. Jones of Arcadia foreman. Up to the present time the following cases have been disposed of: State vs. Henry Arnett and James Brown, selling liquor without license, plea of guilty and fined \$40 each; State vs. Wm. Steffens, Jno. Kerwin and Val. Effinger, charged with selling liquor on Sunday, plea of guilty to two indictments each, fined \$10 and costs in each case; State vs. G. W. Soong, assault and battery, plea of guilty and fine of \$1; State vs. Bert De Mier, carrying concealed weapons, trial by court, fined \$50; Geo. Left, same charge, plea of guilty and fined \$50; State vs. Chris Stoll, disturbing the peace, trial by court and fined \$5. The business of the Court is moving along smoothly. Judge Dearing takes hold like an old hand and is disposing of the docket in a manner satisfactory to all concerned. We predict he will make one of the best judges the circuit ever had. Court will likely get through and adjourn to-morrow or next day.

Joshua C. Carty died at his home in Piedmont on Tuesday afternoon at 1:40 o'clock, aged thirty-three years, ten months and twenty-one days. Mr. Carty had been very sick for some weeks, and for several days it had been known there was no hope for his recovery. His wife, mother and brother were at his bedside when the end came. Josh Carty was a native of Iron county and spent the greater portion of his life here. In 1889 he graduated from the St. Louis law school, since which time he has made his home in Carter and Wayne counties. Mr. Carty was a man of splendid attainments, and it is doubtful if there was another man in the State of his age who was more learned in the law than he. By his death the bar of Southeast Missouri is unquestionably deprived of one of its brightest lights. Had he lived it is certain he would have occupied a high niche in the temple of fame. The future was bright before him, but the Grim Reaper ordained otherwise. The funeral occurs from the Arcadia station to-day at 12 o'clock and interment will take place in the Masonic cemetery.

The closing exercises of the Ironton public schools last Friday evening, consisting of Essays, Declamations and Recitations by the pupils of the High School Department, were given in the Academy of Music to a very large audience. The programme was enlivened with music, vocal and instrumental, and altogether was far beyond the ordinary school entertainment in excellence and in enjoyment to the hearers. There wasn't a dull minute in the two hours devoted to the purpose. Prizes were awarded for Essay, Declamation, and Scholarship. Miss Nannie Brown secured the medal for the first named, while Wm. R. Edgar, Jr., captured the other two. The competition was sharp and close clear through, and no one of the contestants need feel ashamed of the efforts put forth. The essays were well written and no doubt the judges would have been pleased to make an award to each of the seven. The same may be said of the competitors in declamation, while we understand the scholarship was very close indeed. We congratulate the successful ones and assure them the honors won were well deserved. About \$12 was cleared for the library fund.

Personal.

J. W. Turner, of Leeper, Mo., was in Arcadia several days last week. Mr. Sam Jones had the bad luck to burn his hands quite severely with gasoline Sunday night.

Sam Austin was home from De Soto several days recently. Mr. Stevenson and daughter, of Des Arc, are guests of Mr. Murray and family.

Mr. Hatten spent Saturday and Sunday with his family at this place. SUNSHINE.

Reduced Railroad Rates.

IRONTON, Mo., April 25, 1899. Cheap Rates to Helena, Butte, Garrison and Billings, Montana; second-class colonist rate from Ironton to above points, \$32.72, until further notice. Also, single and round trip tickets can be furnished at this office to all points on Mississippi River and Bonne Terre Ry. via Riverside, Mo. W. P. WENR, Agent.

A Card of Thanks.

In behalf of the pupils, the teachers and the School Board, I desire to thank the patrons for their kindness in assisting and attending the school entertainments given during the past two weeks. R. E. WILKINSON.

From Annapolis.

Dear Editor—Nothing unusual has transpired since my last communication. We had a few pretty days in the first part of the week, and considerable corn was planted and the farmers began to work in earnest, but the last two days it has been raining and while I write this it is raining very hard.

The debate that I spoke of came off. It commenced on the night of the 20th between Rev. Hampton in the affirmative, and Rev. Alcorn in the Negative. They were allowed thirty minutes each to tell what they could in that time on the Sabbath question. They then turned the debate over to the Rev. Haycock and the Rev. Crowley. They ably defended their views of the Sabbath day, and they did it in a genteel, Christian manner, without malice or sarcasm. The people of Annapolis were well pleased with them both. The debate was ended to-day and the referees now have the question under consideration, and will render a verdict in the near future, according to Bible evidence produced in the case.

Gus. Funk has a new clerk in his store. This clerk is Thomas Bell, of Bellevue, a son of our old friend, Wm. Bell. We are glad to have him among us, and hope his stay here may be a pleasant one.

The price of lumber is advancing and the orders are all rushing. Fred Reynolds left for Ironton to-day where he will serve on the jury this week; also Wm. Robertson is on the grand jury. The boys who have been walking in by and forbidden paths had better look a "little out." Several al peit jurors and witnesses went up to Ironton to-day, and still there are more to follow.

I notice with pleasure what you said about our old friend James Buford's petition to the Governor for the office of treasurer. Jim has always done his duty and made a good official. I wish him success. Mr. Buford is the right man in the right place. He has been tried. URSULE JOHN.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. SROUB, Popomoco City, Md. For sale by Geo. C. Jacobs, Druggist.

Glover Items.

We are having sunshine again after so much rain. Mr. Sebe Shy called on his best girl Sunday afternoon.

Mr. A. R. Sizemore and Mr. Mart Pannebecker were seen on our streets Sunday.

Mr. and Mrs. J. R. Goff visited their parents Monday. Mr. John Pannebecker is hunting another job.

Mr. John Goff went to Lesterville Tuesday. Miss Flavia Pannebecker visited her sister, Miss Emma, Sunday.

Mr. Frank Gault and wife returned Friday from a visit to their parents on Marble Creek. JEROME.

Cedar Creek Items.

Ed. Register—Quite a heavy hail storm here Thursday evening. The continued rain fall is going to retard farm work again. It seems as though farmers will be very late with corn planting. Wheat, oats and grass are beginning to look green and beautiful.

J. G. and E. W. Hartman made a business trip to Middlebrook and Ironton Thursday.

Dr. Q. Adams passed here recently en route for the west. The Dr. was going to get married, so says Madam Rumor.

The Middleton district had their second school meeting Saturday. There appears to be a difference in opinion in reference to building a house to replace the one that was burned last fall.

Mr. R. E., the Goodwater correspondent, passed here on his way to Ironton Friday. He gave us a pleasant call and the news. It has been several years since we saw Mr. E., but we didn't see any difference except that "Father Time" had made him look some older.

"Pull Tight" is improving; Hartman & Sons are building more store room.

Mr. L. E. Logan attended the funeral services of Mr. Southall at Caledonia Friday.

Mr. Wm. Anderson butchered a nice hog and took it to Middlebrook Saturday.

There was church Saturday and Sunday at Pleasant Valley church. Quite a number of our stock men have begun to take their cattle to the range.

Mr. J. F. Fitzpatrick has purchased an interest in the stock of goods owned by D. H. Hartman. We are informed they intend to carry dry goods in connection with groceries. More anon. April 24th. REPORTER No. 2.

From Goodwater.

Ed. Register—Whatever people throughout this section may differ about, they are certainly unanimous in their opinion that this year "Winter" lingered in the lap of Spring. It seems to us that, although we have experienced many backward seasons, never before were the leaves and buds on the trees—both in the forest and in the orchards—so slow in developing.

The soil in our fields has been so wet that until after the 10th inst., but little plowing was done hereabouts. Since then everybody has been "as busy as a bee" preparing the soil for crops and a few have sowed oats and planted corn.

Peach trees are nearly all dead or so badly injured as to destroy all chances of their bearing this year. Some persons think that our oak trees are so badly injured as to prevent their bearing acorns.

Rev. Mr. Wm. H. Yount, of the M. E. church passed through this neighborhood recently on his way to Urbana, Mo., which is in the field of work to which he was assigned by the Conference of the M. E. church at St. Louis.

SEITZ MERCHANDISE COMPANY.

Born, on the 14th inst., to the wife of John Huff, a twelve pound boy. Severe colds have caused many in this locality to suffer much this month. A Cox, a resident of the Cherokee Nation, is visiting his parents, Dr. and Mrs. Joshua Cox, of Crocker's Mill.

Harvey Willhite and family, who have been living near Salem for some time, have returned to their farm in Bremen Hollow. Marion, the 11-year-old son of M. H. Scott, recently met with a painful accident while burning brush. His pants caught on fire and one of his legs was severely burned.

On the 10th inst., Albert Cox and Walter Zenery went to Flat River. During the past month the following named persons of this vicinity visited relatives and friends at the places named: Robert Abbott and Misses Hettie Scott and Media Abbott, near Courtis; Jas. Crocker, near Montana; Lee Erbschloe, near Belgrade.

Among those who visited relatives and friends hereabouts during April are the following named persons: Chas. Martin, of near Montana; James Wood, Sr., and family, of near Oates; Adrain Nelson, of near Howe's Mill; and Jack McLain, of near Quaker.

While at Palmer last week I met, among others, Judge Henry C. Compton, a member of the County Court, is well qualified for the position holds, having been, for a number of years, a justice of the peace. I am satisfied that he will perform the duties of his office justly and impartially, and will, therefore, be one of the most popular judges Washington county has ever had.

The fact that the Blount brothers have long held the positions they, respectively, fill, and their being retained in those positions when the Palmer Lead Company recently sold their possessions at Palmer to the Renault Lead Co., is sufficient evidence that they have faithfully and satisfactorily fulfilled the varied duties assigned to them by their employers. Mr. T. E. Blount, the elder of the two brothers, is superintendent of the Renault Lead Co.; and Hooker E. Blount has charge of the Company's store. Said Company, like its predecessor, combines merchandising, farming and stock-raising with lead mining and smelting.

It has been raining almost constantly since the afternoon of the 20th inst.; consequently most farming operations are entirely suspended—especially those of plowing, planting and sowing. The delay thus occasioned is a matter of regret to all interested in any way in farming; but it is hoped that we will be blessed with seasonable weather during the remainder of the growing season. R. E. April 24, 1899.
